Re: Water Rates, Fees and Charges Increase

Heather Glen:

Placer County Water Agency (PCWA) would like to take this opportunity to apprise you of the actions specific to Heather Glen's water rates, fees and charges. The PCWA Board of Directors held a public hearing on May 9, 2022, at 2 p.m. at the Placer County Water Agency Business Center in Auburn to consider the adoption of new rates and charges for water delivery and service in its Western Water System - Zone 6. The proposed rates and charges represent a cost-of-service structure consistent with current law and include a multi-year adjustment that reflects PCWA's revenue requirements in accordance with the Agency's long-range financial plan for years 2023 through 2027. At the May 9, 2022 meeting the Board adopted Resolution No. 22-12 to adjust the water rates, fees and charges.

The proposed rates and charges for delivery of treated and untreated water are intended to increase total revenue for water system operation and maintenance by 8.0% in 2023, 8.0% in 2024, 7.0% in 2025, 7.0% in 2026, and 6.0% in 2027. The approved rates and charges set forth in Resolution No. 22-12 will take effect each January 1. Treated Resale customers may see adjustments to individual rate components that may be above or below the percentage reflecting the overall revenue requirement.

The proposed rates, fees and charges for 2023 that apply to Heather Glen are shown on page two of this letter.

If you have any questions, please contact me at (530) 823-2055.

Sincerely,

Placer County Water Agency

Jill Howes, Deputy Director of Customer Services
